I—ARMY RESERVE COMPONENTS ACHIEVEMENT MEDAL. **1.** On 6 August 1973 The Secretary of the Army approved extending eligibility for award of the Army Reserve Components Achievement Medal to include members of the Reserve Components of the United States Army serving as mobilization designees.

2. The medal, which was announced in Department of the Army General Orders 30, 29 June 1971, will be awarded to eligible personnel in the grade of colonel or below on completion of 4 years' service, which began on or after 3 March 1968, as a mobilization designee. Eligibility criteria will be announced in AR 672-5-1.

II—DIRECTORATE OF FACILITIES ENGINEERING. **1.** *Effective 14 January 1974*, the Directorate of Facilities Engineering is established as a staff element under the supervision of the Chief of Engineers.

2. *Effective 14 January 1974*, the Chief of Engineers will organize the Directorate of Facilities Engineering as a staff element under his supervision.

3. The mission of the Directorate of Facilities Engineering is to—

a. Advise and assist the Chief of Engineers in carrying out his Army Staff responsibility as the Program Element Director/Functional Manager for the RPMA portion of the OMA Base Operations Appropriation.

b. Assist the Chief of Engineers in executing his Army Staff responsibility for development of plans and programs for and supervision of facilities engineering operations (real property maintenance activities [RPMA]) of the Army. These operations include maintenance and repair of real property, urgent minor construction, operations of utilities plants and systems, fire prevention and protection, and related engineering services.

c. Assist in the development and implementation of the Integrated Facilities System, worldwide.

d. Provide technical and specialized staff services for the Department of the Army Power Procurement Officer and other DOD agencies as specified in current agreements.

e. Advise and assist the Chief of Engineers in executing his Army staff responsibility for direction of the Army Nuclear Power Program, a joint interagency activity of the Department of Defense and the Atomic Energy Commission.

f. Advise and assist the Chief of Engineers in carrying out his responsibility as the DA Program Manager for establishment and maintenance of a contingency reserve of mobile nontactical power equipment.

III__OFFICE OF THE ASSISTANT CHIEF OF ENGINEERS. **1.** *Effective 14 January 1974*, the Office of the Assistant Chief of Engineers (OACE) is established as a staff element under the supervision of the Chief of Engineers.

2. *Effective 14 January 1974*, the Directorate of Installations a staff element under the Office of the Deputy Chief of Staff for Logistics is discontinued. Concurrently, certain personnel and equipment are transferred from the Office of the Deputy Chief of Staff for Logistics to the Office of the Chief of Engineers.

3. *Effective 14 January 1974*, the Chief of Engineers will organize the Office of the Assistant Chief of Engineers as a staff element under his supervision.

4. The mission of the Office of the Assistant Chief of Engineers is to—

a. Support the Assistant Chief of Engineers in exercising the authority delegated to him by the Chief of Engineers as—

(1) Appropriation Director for the Military Construction, Army (MCA) Appropriation, the Military Family Housing Appropriation, and the Homeowners' Assistance Program.

(2) Program Element Director for Family Housing—Defense, Homeowners' Assistance Program, NATO Infrastructure, and Construction (Planning and Design).

(3) Principal witness before OSD, OMB, and congressional reviewing authorities of the Army Military Construction Program, Family Housing Management Account, and the Homeowners' Assistance Program authorization and appropriation legislation.

(4) Proponent for Installations Planning.

(5) Proponent for Stationing of the Army.

b. Provide to the Army Staff the normal engineer technical and advisory support to include force structure, doctrine, research and development, materiel and equipment, and contingency planning.

c. Provide a single point of access for the Army Staff concerning all matters within the purview of the Chief of Engineers.

IV__ARMY DISCHARGE REVIEW BOARD. *Effective 14 February 1974*, the St. Louis Panel of the Army Discharge Review Board is discontinued at St. Louis, MO.

V__VALLEY FORGE GENERAL HOSPITAL, PENNSYLVANIA. *Effective 31 March 1974*, Valley Forge General Hospital, Phoenixville, Pennsylvania, an installation under the jurisdiction of the Commanding General, US Army Health Services Command, is placed in an inactive status.

VI__FORT WOLTERS, TEXAS. *Effective 30 June 1974*, Fort Wolters, Texas, an installation under the jurisdiction of the Commanding General, US Army Training and Doctrine Command, is placed in an inactive status.

VII__WAIAWA (WAIPIO) RADIO TRANSMITTING STATION, HAWAII. *Effective 1 February 1974*, the Waiawa (Waipio) Radio Transmitting Station, Hawaii, a subinstallation of Schofield Barracks, Hawaii under the jurisdiction of the Commander in Chief, US Army Pacific, is redesignated as Waiawa Military Reservation.

VIII__JUNIOR ROTC UNIT. *Effective 10 May 1973*, the Junior ROTC unit at the Kamehameha School for Boys, Honolulu, Hawaii, was reclassified from a Class MI (military institute) to a Class HS (high school) Junior ROTC unit.

IX__JUNIOR ROTC UNIT. *Effective 18 January 1974*, the Junior ROTC unit at Capital High School, Boise, Idaho, was disestablished.

By Order of the Secretary of the Army:

CREIGHTON W. ABRAMS
General, United States Army
Chief of Staff

Official:
VERNE L. BOWERS
Major General, United States Army
The Adjutant General

DISTRIBUTION:
To be distributed in accordance with DA Form 12–4 requirements

U.S. GOVERNMENT PRINTING OFFICE: 1974
